

# INDEX TO VOLUME 23

Batbedat, A., Representation modulaire des F-reguliers.....	25
Behrens, E.-A. Semigroups with a noncommutative arithmetic.....	95
Burgess, W.D. The injective hull of S-sets, S a semilattice of groups.....	241
Cherubini, A., and A. Varisco, On conditionally commutative semigroups.....	15
Cherubini, A., and A. Varisco, Semigroups whose proper sub- semigroups are quasicommutative.....	35
Cherubini, A., and A. Varisco, On the exponent semigroup of an E-m semigroup.....	359
Cohen, H. and R.J. Koch, Idempotent semigroups generated by threads, I.....	247
Davies, E.B. - (Book Review by Goldstein) - see Goldstein, J.	
de Luca, A. and A. Restivo, A synchronization property of pure subsemigroups of a free semigroup.....	233
Clarke, G.T., Semigroup varieties of inflations of unions of groups.....	311
Gagnon, F.-P., A representation theorem for I-medial and for generalized inverse semigroups.....	49
Goldstein, J., E.B. Davies, <u>One-Parameter Semigroups</u> , Acad. Press, 1980.....	
Goralčik, P. and V. Koubek, Inner extrapolation of semigroup translations.....	73
Grošek, O. and L. Satko, Smallest A-ideals in semigroups.....	297
Grošek, O., - see Satko, L.	
Helmer, D., Continuity of semigroup actions.....	153
Higgins, P.M., Epis are onto for generalized inverse semigroups.....	255
Hofmann, K.H., and J.D. Lawson, The local theory of semi- groups in nilpotent Lie groups.....	343
Imaoka, T., *-Congruences on regular *-semigroups.....	321
Kehayopulu, N., A characterization of regular le-semigroups.....	85
Koch, R.J., - see Cohen, H.	
Koubek, V., - see Goralčik, P.	
Lawson, J.D. - see Hofmann, K.H.	
Nordahl, T., Lattice representation in exchange transfusion.....	275
Putcha, M.S., Rings which are semilattices of archimedean semigroups.....	1
Rasin, V.V., On the varieties of Cliffordian Semigroups.....	201
Restivo, A. - see de Luca, A.	
Reutenauer, C., Semisimplicity of the algebra associated to a biprefix code.....	327
Ruppert, W., A note on peripherality problems in the theory of compact semitopological monoids.....	89
Satko, L. and O. Grošek, On minimal A-ideals of semigroups.....	283
Satko, L. - see Grošek, O.	
Satyanarayana, M., On the additive semigroup structure of semirings.....	7
Schein, B.M., On two papers of B.M. Schein.....	87
Sleijpen, G.L.G., The action of a semigroup on a space of bounded radon measures.....	137
Sneperman, L.B., The Rees theorem for weakly uniform semigroups.....	261

Therien, D., Recognizable languages and congruences.....	371
Vagner, V.V., 1908-1981.....	189
Varisco, A., - see Cherubini, A.	
Varisco, A., - see Cherubini, A.	
Varisco, A., - see Cherubini, A.	
Wannebo, A., Representations of ordered semigroups by real numbers.....	221
Weinert, H., Report on the conference on semigroups at Oberwolfach, 1981.....	276
Zelevnikow, J., Regular semirings.....	119
